Introduction

The Arizona Statewide Achievement Assessment for English Language Arts and Mathematics (AzMERIT) is Arizona's statewide achievement test. AzMERIT assesses the Arizona English Language Arts Standards and Arizona Mathematics Standards adopted by the Arizona State Board of Education in December 2016. AzMERIT will inform students, teachers, and parents about preparedness for college and careers upon graduating from high school. AzMERIT tests are computer-based, meaning that they can better assess students' critical thinking skills and provide them with opportunities to demonstrate a deeper understanding of the materials. Computer-based testing also allows for the use of a variety of innovative items types.

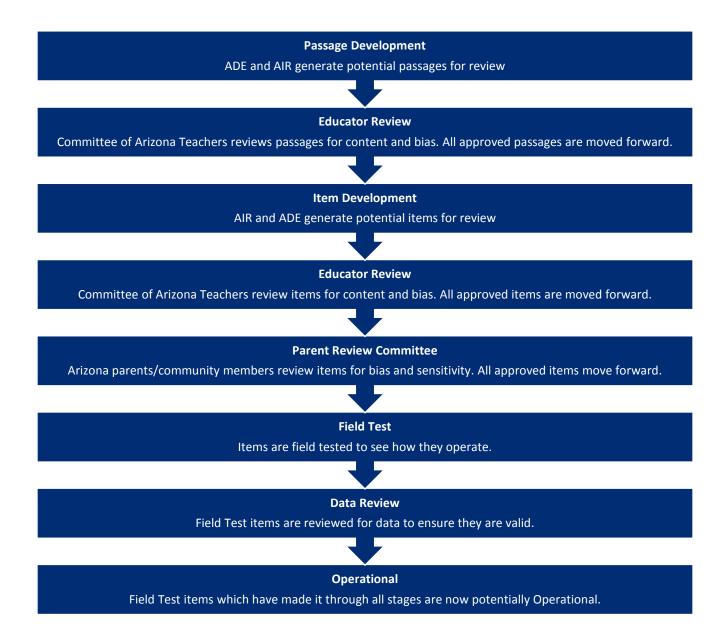

During the item-development process, all AzMERIT items are written in accordance with the Item Specifications and are reviewed and approved by a committee of Arizona educators to confirm alignment and appropriateness for inclusion in the test. AzMERIT items are generally representative of Arizona's geographic regions and culturally diverse population. Items are reviewed for the following kinds of bias: gender, racial, ethnic, linguistic, religious, geographic, and socioeconomic. Item reviews also include consideration of issues related to individuals with disabilities. Arizona community members also have an opportunity to review items for issues of potential concern to members of the community at large. Reviewers are asked to consider the variety of cultural, regional, philosophical, political, and religious backgrounds throughout Arizona, and then to determine whether the subject matter will be acceptable to Arizona students, families, and other members of Arizona communities.

This AzMERIT Item Specifications is a resource document that defines the content and format of the test and test items for item writers and reviewers. Each Item Specifications document indicates the alignment of items with the Arizona English Language Arts Standards and Arizona Mathematics Standards. It also serves to provide all stakeholders with information about the scope and function of assessment items. This document can also serve to assist educators to understand how assessment items are developed in alignment with the standards for English language arts and math. These item specifications for AzMERIT are intended to provide information regarding standards, item formats and response types. The descriptions of math practices, blueprints, and depth of knowledge in this document are meant to provide an overview of the test. Item specifications are meant for the purposes of assessment, not instruction. They are not intended to be tools for instruction or the basis for curricula. AzMERIT has a test blueprint that was developed by Arizona and is different from any other state or consortium test blueprint.

The AzMERIT ELA test will have a Writing part and a Reading Part 1 and Part 2 for all grade levels. Each writing test will have one or more passages that relate to a prompt. Students will create a written response to the prompt. Students will not answer comprehension questions about the prompt. The ELA standard-level item specifications provide information about the development of items aligned to the Reading Standards. AzMERIT is designed to reflect the importance of using evidence and reading complex texts outlined in the Arizona English Language Arts Standards. Any item specifications that are absent for standards listed in this document may be under development. This document does not endorse the exclusion of the instruction of any grade-level content standards.

Item Development Process

AzMERIT items go through a rigorous review before they are operational. When an item is "operational" it means it is used to determine a student's score on the assessment. This is a description of the process every item must go through before it is operational on AzMERIT.

Sample tests are available online for the ELA portion of AzMERIT. For more information view the Guide to the Sample Tests at <u>www.azmeritportal.org</u>.

Test Construction Guidelines

The construction of the AzMERIT assessment is guided by the depth and rigor of the Arizona English Language Arts Standards. Items are created to address key components of the standards and assess a range of important skills. The AzMERIT Blueprint provides an overview of the distribution of items on the AzMERIT according to the standards. Further, the AzMERIT blueprint outlines the Depth of Knowledge distribution of items.

Blueprint

The AzMERIT blueprints detail specific information in regard to the strands tested at each grade level. The blueprint outlines the percentage of points aligned to each strand.

Grades 3 – 5 Reporting Category		Max.
Reading Standards for Literature	26%	35%
Reading Standards for Informational Text	26%	35%
Reading for Informational Text	26%	22%
Listening Comprehension	0%	13%
Writing and Language	26%	38%
Writing	13%	19%
Language	13%	19%

In Grades 3-5 some items in the Reading and Language strands will also be aligned to the standards for Reading: Foundational Skills.

Listening Standards will only be assessed on the computer-based assessment.

Depth of Knowledge (DOK)

DOK refers to the level of rigor or sophistication of the task in a given item, designed to reflect the complexity of the Arizona English Language Arts Standards. Items at DOK level 1 focus on basic tasks like, correcting grammatical and spelling errors, defining terms, and locating details or facts in texts. Items at DOK level 2 require a greater degree of engagement and cognitive processing than items at DOK 1. They may require students to show relationships or identify examples, use context to identify meaning, identify structures or features of texts, or distinguish between facts and opinions. Items at DOK level 3 feature higher-order cognitive tasks that assess students' capacities to read complex texts and think abstractly. They focus on critical thinking, developing and assessing logical arguments, making inferences, and citing evidence to support claims or conclusions. Finally, items at DOK level 4 require creativity, extensive planning, and/or sophisticated reasoning in the composition and organization of written essays. This information is not intended to provide an in-depth description of DOK, but rather a guide to the application of DOK for AzMERIT.

Percentage of Points by Depth of Knowledge (DOK) Level				
Grade 5	DOK Level 1	DOK Level 2	DOK Level 3	DOK Level 4
	10%–20%	50%-60%	15%–25%	13%-19%

For more information on DOK, please visit <u>www.azed.gov/AzMERIT</u>.

Item Formats

The AzMERIT Assessments are composed of item formats that include traditional multiple-choice response items and technology-enhanced response items (TEI). TEIs are computer-delivered response items that require students to interact with test content to select, construct, and/or support their responses. TEIs are better able to assess a deeper level of understanding.

Currently, there are seven types of TEIs that may appear on the ELA Grade 5 computer based assessment for AzMERIT:

- Editing Task Choice (ETC)
- Evidence-Based Selected Response (EBSR)
- Graphic Response Item Display (GRID)
- Hot Text (HT)
- Matching Item (MI)
- Multi-Select (MS)
- Open Response

For paper based assessments (including those for students with an IEP or 504 plan that specifies a paper based accommodation), TEIs will be modified so that they can be scanned and scored electronically or hand-scored.

See the table below for a description of each TEI. Examples of each response item format described may be found in the AzMERIT Sample Tests at www.azmeritportal.org.

ТЕІ Туре	Description		
Editing Task Choice (ETC)	The student clicks a highlighted word or phrase, which reveals a drop-down menu containing options for correcting an error as well as the highlighted word or phrase as it is shown in the sentence to indicate that no correction is needed. The student then selects the correct word or phrase from the drop-down menu. For paper-based assessments, the item is modified so that it can be scanned and scored electronically. The student fills in a circle to indicate the correct word or phrase.		
Evidence-Based Selected Response (EBSR)	Multiple Choice/Multiple Select Format – The student is directed to answer a "Part A" multiple-choice item based on a passage, and is then asked to provide evidence in support of that answer by completing another "Part B" Multiple Choice item or a "Part B" Multi-Select item (see below). Multiple Choice/Hot Text Format – The student is directed to answer a "Part A" multiple-choice item based on a passage, and is then asked to provide evidence in support of that answer by completing a "Part B" Selectable Hot Text item (see below).		
Graphic Response Item Display (GRID)	The student selects numbers, words, phrases, or images and uses the drag- and-drop feature to place them into a graphic. For paper-based assessments, this item type may be replaced with another item type that assesses the same standard and can be scanned and scored electronically.		

Hot Text (HT)	 Selectable Hot Text - Excerpted sentences from the text are presented in this item type. When the student hovers over certain words, phrases, or sentences, the options highlight. This indicates that the text is selectable ("hot"). The student can then click on an option to select it. For paper-based assessments, a "selectable" hot text item is modified so that it can be scanned and scored electronically. In this version, the student fills in a circle to indicate a selection. Drag-and-Drop Hot Text - Certain numbers, words, phrases, or sentences may be designated "draggable" in this item type. When the student hovers over these areas, the text highlights. The student can then click on the
	option, hold down the mouse button, and drag it to a graphic or other format. For paper-based assessments, drag-and-drop hot text items will be replaced with another item type that assesses the same standard and can be scanned and scored electronically.
Matching Item (MI)	The student checks a box to indicate if information from a column header matches information from a row. For paper-based assessments, this item type may be replaced with another item type that assesses the same standard and can be scanned and scored electronically.
Multi-Select (MS)	The student is directed to select all of the correct answers from among a number of options. These items are different from multiple-choice items, which allow the student to select only one correct answer. These items appear in the online and paper-based assessments.
Open Response	The student uses the keyboard to enter a response into a text field. These items can usually be answered in a sentence or two. For paper-based assessments, this item type may be replaced with another item type that assesses the same standard and can be scanned and scored electronically.
Writing Prompt Items	Writing prompt items may require the student to use features of an online word processor. The student can perform various tasks within the online word processor such as bold text, use bullet points, underline, etc.

Stimulus Guidelines

Stimuli comprise a broad category of materials which can be used to measure student knowledge. A stimulus is usually a reading passage or set of reading passages, but can also be accompanied by other sources. Every question is associated with one or more stimuli. Currently, there are three types of stimuli for AzMERIT: stimuli for reading passages, stimuli for editing tasks, and stimuli for listening.

Every stimulus associated with AzMERIT has been approved by a committee of Arizona Educators. Each stimulus has an associated Measurement of Complexity which analyzes its complexity according to the Arizona English Language Arts Standards.

Reading Passage stimuli will consist of one or more text passages. The passages may be informational or literary, and will cover a variety of topics. Passages may be accompanied by multimedia features, including audio presentations, slideshows, or graphical elements. The word count listed below is only a guideline for passage length. Passages can be longer or shorter than the range depending on other measures of text complexity. The complexity of the passages should be appropriate for the grade level of the test-taker.

Acceptable Word Count Ranges by Grade Level		
3	100–700	
4	100–900	
5	200–1000	
6	200–1100	
7	300–1100	
8	350–1200	
9	350–1300	
10	350–1350	
11	350–1400	

Editing Task stimuli will consist of a two- to four-paragraph passage with three to five grammar, spelling, and punctuation errors. The first sentence in the passage will not include errors. Students will edit the passage for grammar, spelling, and punctuation errors. The word(s) or phrases to be edited will be indicated by a highlight in the passage. The correction of each error will be worth 1 point.

Acceptable Word Count Ranges by Grade Band		
Grade Band Word Count Range		
3–5	100–200	
6–8	200–250	
9–11	250–300	

Listening Stimuli will contain two or more components on the same topic: a reading passage or passage set followed by an audio presentation. Stimulus topics range from everyday life to current events, literature, poetry, art, music, physical education, health, mathematics, science, technical subjects, or social studies. The reading component of the stimulus can include informational graphics, tables, charts, or graphs.

Listening Timing		Passage Word Counts	
Grade Level	Minutes	Grade Level	Words
3	0.75–2.0	3	200–250
4	0.75–2.0	4	200–250
5	0.75–2.0	5	250-300
6	0.75–2.0	6	250-300
7	0.75–2.0	7	300-350
8	0.75–2.0	8	300-350
9	0.75–2.0	9	300-350
10	0.75-2.0	10	300-350
11	0.75–2.0	11	300–350

Writing stimuli will include a prompt that has is related to one or more passages. Students will create a written response to the prompt. Students will not answer comprehension questions about the prompt. Scratch paper is permitted on both the CBT and PBT writing tests in order for students to compose a rough draft prior to formulating a "final" copy in the paper booklet or in the word processing area on the computer.

CBT— On the CBT students will have access to one or more passages that relate to a prompt, an electronic version of the Writing Guide and a word processing area to type their "final" response. On the CBT, students will have access to and be able to reference the appropriate Writing Guide.

PBT— On the PBT the students will have access to one or more passages that relate to a prompt, a print copy of the Writing Guide and a "final" copy area to write their response. On paper, the Writing Guide will also appear after the writing prompt and before the final copy area on the PBT. On the PBT, there will be three final copy pages with a line spacing of .375" for grades 3 and 4 (wide ruled) and .3" for grades 5–11 (college ruled).

Arizona English Language Arts Standards

Reading Standards for Literature

Key Ideas and Details

5.RL.1– Quote accurately from a text when explaining what the text says explicitly and when drawing inferences from the text.

5.RL.2– Determine a theme of a story, drama, or poem from details of the text; include how characters in story or drama respond to challenges, how the speaker in a poem reflects upon a topic, and a summary of the text.

5.RL.3– Compare and contrast two or more characters, settings, or events in a story or drama, drawing on specific details in the text (e.g., how characters interact).

Craft and Structure

5.RL.4– Determine the meaning of words and phrases as they are used in a text, including figurative language such as metaphors and similes.

5.RL.5– Explain how a series of chapters, scenes, or stanzas fits together to provide the overall structure of a particular story, drama, or poem.

5.RL.6– Describe how a narrator's or speaker's point of view influences how events are described.

Integration of Knowledge and Ideas

5.RL.7– Analyze how visual and multimedia elements contribute to the purpose, meaning, or tone of the text (e.g., graphic novel, multimedia presentation of fiction, folktale, myth, and poem).

5.RL.8- (Not applicable to literature)

5.RL.9– Compare and contrast stories in the same genre (e.g., mysteries and adventure stories) on their approaches to similar themes and topics.

Range of Reading and Level of Text Complexity

5.RL.10– By the end of the year, proficiently and independently read and comprehend literature, including stories, dramas, and poetry, in a text complexity range determined by qualitative and quantitative measures appropriate to grade 5.

Reading Standards for Informational Text

Key Ideas and Details

5.RI.1– Quote accurately from a text when explaining what the text says explicitly and when drawing inferences from the text.

5.RI.2– Determine two or more main ideas of a text and explain how they are supported by key details; summarize the text.

5.RI.3– Explain the relationships or interactions between two or more individuals, events, ideas, or concepts in a historical, scientific, or technical text, based on specific information in the text.

Craft and Structure

5.RI.4– Determine the meaning of general academic and domain-specific words and phrases in a text relevant to a *grade 5 topic or subject area*.

5.RI.5– Compare and contrast the overall structure (e.g., chronology, comparison, cause/effect, and problem/solution) of events, ideas, concepts, or information in two or more texts.

5.RI.6– Analyze multiple accounts of the same event or topic, noting important similarities and differences in the point of view they represent.

Integration of Knowledge and Ideas

5.RI.7– Draw on information from multiple print or digital sources, demonstrating the ability to locate an answer to a question quickly or to solve a problem efficiently.

5.RI.8– Explain how an author uses reasons and evidence to support particular points in a text, identifying which reasons and evidence support which point(s).

5.RI.9– Integrate information from several texts on the same topic in order to write or speak about the subject knowledgeably.

Range of Reading and Level of Text Complexity

5.RI.10– By the end of the year, proficiently and independently read and comprehend informational text, including history/social studies, science and technological texts, in a text complexity range determined by qualitative and quantitative measures appropriate to grade 5.

Standards for Speaking and Listening

Comprehension and Collaboration

5.SL.2– Summarize a written text read aloud or information presented in diverse media and formats, including visually, quantitatively, and orally

5. SL.3– Summarize the points a speaker makes and explain how each claim is supported by reasons and evidence.

Standards for Language

Conventions of Standard English

5.L.1– Demonstrate command of the conventions of Standard English grammar and usage when writing or speaking.

- a. Explain the function of conjunctions, prepositions, and interjections in general and their function in particular sentences.
- b. Form and use the perfect (e.g., I had walked; I have walked; I will have walked) verb tenses.
- c. Use verb tense to convey various times, sequences, states, and conditions.
- d. Recognize and correct inappropriate shifts in verb tense.
- e. Use correlative conjunctions (e.g., *either/or, neither/nor*)
- f. Write and organize one or more paragraphs that contain: a topic sentence, supporting details, and a conclusion that is appropriate to the writing task (Reference Writing standards 1-3).

5.L.2– Demonstrate command of the conventions of Standard English capitalization, punctuation, and spelling when writing.

- a. Use punctuation to separate items in a series.
- b. Use a comma to separate an introductory element from the rest of the sentence.
- c. Use a comma to set off the words yes and no (e.g., Yes, thank you), to set off a tag question from the rest of the sentence (e.g., It's true, isn't it?), and to indicate direct address (e.g., Is that you, Steve?).
- d. Use underlining, quotation marks, or italics to indicate titles of works.
- e. Spell grade-appropriate words correctly, consulting references as needed.

Vocabulary Acquisition and Use

5.L.4– Determine or clarify the meaning of unknown and multiple-meaning words and phrases based on grade 5 reading and content, choosing flexibly from a range of strategies.

- a. Use common, grade-appropriate Greek and Latin affixes and roots as clues to the meaning of a word (e.g., photograph, photosynthesis).
- b. Use context (e.g., cause/effect relationships and comparisons in text) as a clue to the meaning of a word or phrase.
- c. Consult reference materials (e.g., dictionaries, glossaries, thesauruses), both print and digital, to find the pronunciation and determine or clarify the precise meaning of key words and phrases.

5.L.5– Demonstrate understanding of figurative language, word relationships, and nuances in word meanings.

- a. Interpret figurative language, including similes and metaphors, in context.
- b. Recognize and explain the meaning of common idioms, adages, and proverbs.
- c. Use the relationship between particular words (e.g., synonyms, antonyms, homographs) to better understand each of the words.

Standards for Writing

Text Types and Purposes

- 5. W.1– Write opinion pieces on topics or texts, supporting a point of view with reasons and information.
 - a. Introduce a topic or text clearly, state an opinion, and create an organizational structure in which ideas are logically grouped to support the writer's purpose.
 - b. Provide logically ordered reasons that are supported by facts and details.
 - c. Link opinion and reasons using words, phrases, and clauses (e.g., consequently, specifically).
 - d. Provide a concluding statement or section related to the opinion presented.
- 5. W.2– Write informative/explanatory texts to examine a topic and convey ideas and information clearly.
 - a. Introduce a topic clearly, provide a general observation and focus, and group related information logically; include formatting (e.g., headings), illustrations, and multimedia when useful to aiding comprehension.
 - b. Develop the topic with facts, definitions, concrete details, quotations, or other information and examples related to the topic.
 - c. Link ideas within and across categories of information using words, phrases, and clauses (e.g., *in contrast, especially*).
 - d. Use precise language and domain-specific vocabulary to inform about or explain the topic.
 - e. Provide a concluding statement or section related to the information or explanation presented.

Content Standard	Compare and contrast stories in the same genre (e.g., mysteries and adventure stories) on their approaches to similar themes and topics.	
Stimuli Type	Reading Passage	
Content Limits	Items may ask the student to analyze similarities and differences in how texts approach the similar themes or topics. Items may require students to use key details to explain how texts are similar or different in their approach. Items should not simply ask students to identify common themes or topics. Items refer to multiple texts from the same genre.	
Task Demand		Common Item Formats
Find or explain evidence that shows how two stories present, treat, or develop similar themes or topics. The item writer may or may not provide the student with the themes/topics.
