

Addition and Subtraction Integers

**I have... Who has...
Class Review Game**

I have -25.

**Who has
 $(-14) + (-5)$?**

I have, who has is a fun way to review all kinds of concepts. In this quick game, students can review the principles of addition and subtraction of integers.

Copy onto card stock and laminate. Distribute cards, one per student. It does not matter who starts because the game will end with the one who started.

- First student reads their card and then whoever has the answer to the, "Who has?" answers continuing around the room until everyone has recited their card.

This resource is for personal use:

The download of this resource allows you to use this activity in your classroom. You may use it from year to year but it should not be distributed to other teachers without purchasing additional licenses through my TpT store.

I have -25.

Who has

$(-14) + (-5)$?

I have -6.

Who has

that plus 6?

I have -19.

Who has

$(-11) - (-5)$?

I have 0.

Who has

$(20) + (-5)$?

I have 15.

Who has

$(30) - (-45)$?

I have -8.

Who has

that plus 13?

I have 75.

Who has

$(16) + (-24)$?

I have 5.

Who has

$(-30) + (21)$?

I have -9.

Who has

$(-9) + (-14)$?

I have -13.

Who has

$(7) + (-30)$?

I have -23.

Who has

That plus 10?

I have -21.

Who has

$(-18) + (-18)$?

I have -36.

Who has

that plus 4?

I have -22.

Who has

$(-4) + 13$?

I have -32.

Who has

that plus 10?

I have 9.

Who has

$(-14) + (28)$?

I have 14.

**Who has
that plus -10?**

I have -4.

**Who has
(25) + (-15)?**

I have 4.

**Who has that
minus 8?**

I have 10.

**Who has
(50) - 30?**

I have 20.

**Who has
that plus -9?**

I have 3.

**Who has
(13) + (-14)?**

I have 11.

**Who has that
minus 8?**

I have -1.

**Who has
(-50) + (-20)?**

I have -70.

**Who has
that plus 40?**

I have -38.

**Who has
(13) + (-14)?**

I have -30.

**Who has that
minus 8?**

I have -1.

**Who has
(-50) + (25)?**
