**QUARTER 2:** \_\_\_\_\_ continues to do well in all subject areas and shows progress in all that he does. This quarter \_\_\_\_\_ has been working on context clues, integrating information, and poetry, prose and drama in reading. He is strong in all areas and his overall comprehension continues to improve. In writing, \_\_\_\_\_ worked on writing narratives and using dialogue. Overall his stories are clear and well thought out. In math, \_\_\_\_\_ is showing fantastic knowledge of multiplication and division. He continues to work toward finishing his math facts and his speed is improving. He is always very engaged in our topics for science and social studies and always does well in these areas. Overall, \_\_\_\_\_'s progress has been wonderful and I look forward to seeing continued growth for the remainder of the year.

**QUARTER 2:** it has been another fantastic quarter together! I am thankful for such a helpful, dedicated student like you, and you brighten my morning each day! Your lack of knowledge regarding you multiplication and division facts held you back from passing math again this quarter. They will hold you back from passing next quarter as well if you don't learn them before we get into fractions, so don't forget to practice them every single day over break. The more you practice, the easier they become. I know you can do it.  
Enjoy a wonderful winter break!

**QUARTER 2:** \_\_\_\_\_ has done so great this quarter. She is doing incredible in reading and writing . \_\_\_\_\_ needs to continue to work on math to help her achieve complete success in third quarter. Have a Happy Holiday and a good New Year! I cannot wait to start a fantastic third quarter in the New Year!
