

# Math Warm Up

Monday

My Thinking

Express  $x$  in terms of  $y$ . Find the value of  $x$  when  $y = -2$ .

$$4x + y = 2(x + 3y)$$

Tuesday

My Thinking

Express  $x$  in terms of  $y$ . Find the value of  $x$  when  $y = -2$ .

$$3(x - 2y) = 4x + 5y$$

Wednesday

My Thinking

Express  $x$  in terms of  $y$ . Find the value of  $x$  when  $y = -2$ .

$$\frac{1}{3}x + \frac{5}{6}y = 2$$

# Math Warm Up

Thursday

My Thinking

Express  $x$  in terms of  $y$ . Find the value of  $x$  when  $y = -2$ .

$$\frac{0.5(x - 3)}{y} = 10$$

Friday

My Thinking

Express  $x$  in terms of  $y$ . Find the value of  $x$  when  $y = -2$ .

$$0.25(x + y) = 15 - x$$
